Prof Elsa Mentz and several colleagues (from NWU and UNISA) met on 23 February 2018 to discuss and plan the newly funded NRF project: *Technology-supported cooperative learning to enhance Self-Directed Learning*. During the project workshop several matters regarding the project was discussed including collaboration and research outputs. All members of the project are excited and it is expected that the project will especially (but not exclusively) have a high impact on the Higher Education sector.

Prof Elsa Mentz en verskeie kollegas (van NWU en UNISA) het 23 Februarie 2018 ontmoet om die nuut-befondse NRF-projek: *Technology-supported cooperative learning to enhance Self-Directed Learning*, te bespreek en te beplan. Tydens die projekwerkswinkel is verskeie kwessies o.a. samewerking en navorsingsuitsette van die projek bespreek. Alle lede van die projek is opgewonde en die verwagting is dat die projek 'n hoë impak veral (maar nie uitsluitlik nie) op die Hoër Onderwys-sektor sal hê.
