Neem asseblief kennis dat die Universiteit omrede spesifieke kapasiteitsbepalings die reg voorbehou om kandidate vir toelating tot bepaalde studierigtings te keur. Dit beteken dat voornemende studente wat aan die minimum toelatingsvereistes voldoen, nie noodwendig tot die betrokke kursusse toegelaat sal word nie. Weens kapasiteitsbeperkings en die ooraanbod van studente in bepaalde studierigtings sal studente op grond van hulle skolasiese prestasie gekeur word vir toelating tot hierdie rigting.

## CALCULATION OF APS SCORE

**APS Score:** The results obtained in four designated subjects and two NSC subjects are used in the computation of the APS score. Life Orientation is excluded. A Minimum score of 24 is required.

**Duration:** Minimum of 4 Years

Please note that, owing to specific capacity constraints, the University reserves the right to select candidates for admission to certain fields of study. This means that prospective students who comply with the minimum requirements may not necessarily be admitted to the courses in question. Because of the capacity limitations and the high demand from students for admission to particular fields of study, students will be selected on the basis of their scholastic achievements for admission to these fields.
