

On 14 June 2019 SDL had their 5th Discourse for the year. The theme of the discourse was Movie Time. SDL watched the film: *On being a Scientist*. This film was specifically produced for the purpose of Education by Leiden University. The aim is to create awareness among students of academic integrity and issues that might be faced by prospective scientists. Key issues that are highlighted in the film include: intellectual property, plagiarism and student-supervisor relationship.

After watching the film, members had an opportunity to discuss what they learned from the film and which issues regarding ethics stood out to them. This film proved to be very valuable and gave rise to meaningful discussions.

Op 14 Junie het SDL hul 5de diskoers vir die jaar gehad. Die tema van die diskoers was Fliek tyd. SDL het die film *on being a scientist* gekyk. Hierdie film is vervaardig deur die Leiden Universiteit. Die doel van die film is om bewustheid te skep onder studente van akademiese integriteit en kwessies wat voornemende wetenskaplikes in die gesig staar. Sleutelkwessies wat in die rolprent uitgelig word, sluit in: intellektuele eiendom, plagiaat en student-studieleier verhouding.

Nadat die lede die film gekyk het, het lede die geleentheid gehad om te bespreek wat hulle by die film geleer het en watter kwessies rakende etiek vir hulle uitgestaan het. Hierdie film was baie waardevol en het aanleiding gegee tot waardevolle vir sinvolle besprekings.
